Across The Curriculum

**English:** Create a book trailer to entice readers

Math: Go on a shape hunt and share what you find

Science: Explain the water cycle

History: Put historical events in sequence, show important people or places
Electives: Create a personal art portfolio

Note: the Animoto app is designed for the iPhone, so the iPad will have to be in portrait mode (vertical).
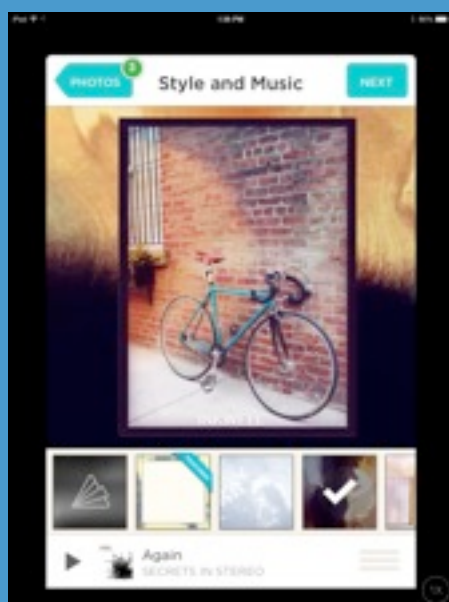

1. Choose Create to start your Animoto video.

2. Choose the pictures you would like to use from the Camera Roll, or take a picture.
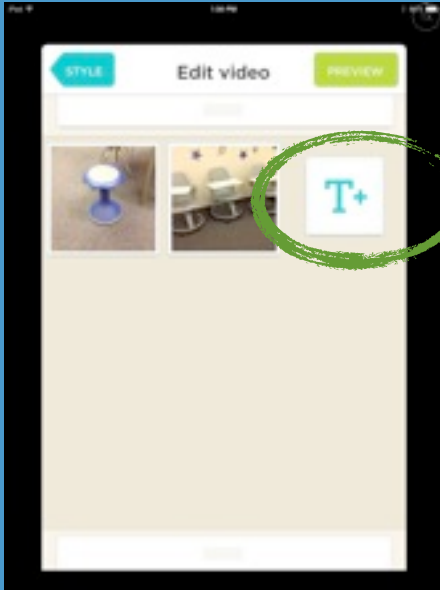

3. Choose the style (theme and background) and music for your video.
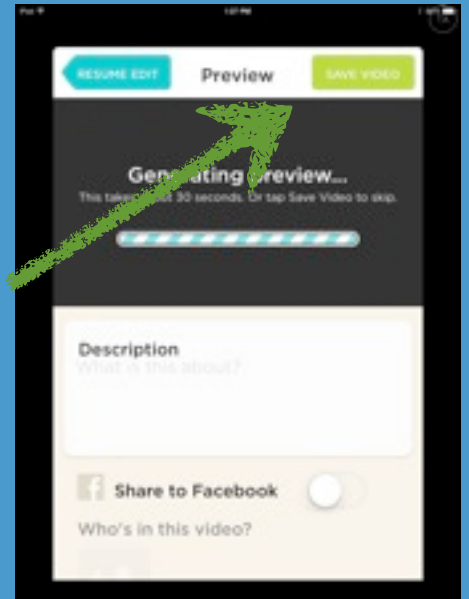

4. Give the video a title in the Intro section. The Outro will be the last picture and text slide.
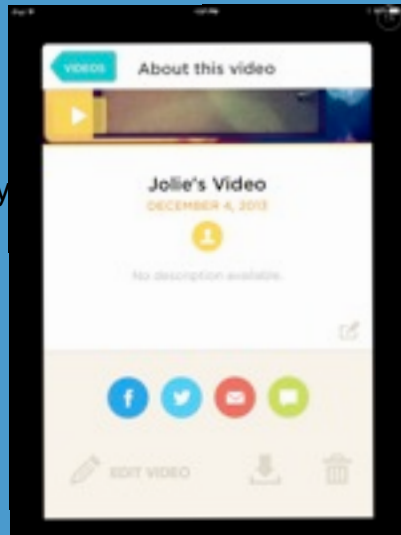

5. Hold down on the pictures to rearrange them. Choose the T+ button to add text slides.

6. Preview your video here, then choose Save Video.

7. Videos can be shared in a variety of ways! To share videos, you will need to create an account.

*Educators are eligible to upgrade to a pro account for free. For more details, go here: http://animoto.com/education/classroom
